

Dear Parents/Carers

MILK FOR SUMMER TERM 2019

For children to have a daily carton of milk in school during the Summer term, we are required to place the order with the dairy before we finish for Easter. Milk costs 20p per carton per day and, therefore, the cost of milk for the Summer Term will be **£10.80**.

We have noticed that some children have chosen not to drink the milk ordered for them which has left us with left over milk each day. Whilst we have been able to use some of this milk in school, quite a lot has had to be destroyed. Please can we ask that you check with your child that they do want to have a drink of milk in school before you place and pay for your order. Water is also available in all classes.

If your child wishes to have milk from Easter to Summer, we require a signed permission slip and payment by **Friday 5th April**. Unfortunately, orders cannot be accepted after this date. Payment by cash or cheque is acceptable. Please make any cheques payable to Anston Park Infant School.

Yours sincerely

A L Tyler
Headteacher
